Managing Trustee's Message

In 2023-24, Shree Prarthna Sahiyar Mahila Mandal had worked hard to change in life of rural people of Rajkot districts. It took remarkable impact in rural area in terms of skill development and livelihood program, Agricultural natural farming education, awareness in different government schemes, preparation of necessary documents. More important to make self reliant to the beneficiaries with imparted the required skill sets. Our skill development programs in rural areas run by us as well as collaboration with government bodies, partner organizations and community mobilizes too. This work involved creating the entrepreneurships in rural areas.

During this year, we also worked in the field of education , environment , agriculture and health as well as in the sector of awareness camp.

In the field of education we taught night schooling for the slums and poor students at Thangadh.

In the field of agriculture , we educated the farmers in the field of organic farming and layer farming. For this we conducted the exposure visit for the 23 farmers to the Sagar, M.P. with the sponsorship of NABARD. In the field of environment we planted the 2000 trees in different area of Rajkot city and celebrated the world environment day at Mahika village of Rajkot and in health domain we organized the medical camps in villages like- Chibhada, Madhapar, Ren basera and Ajidem area of Rajkot, In this we organized free medicine distributions , acupressure camps , special camps for health problems related to women. Approximately more than 5000 people took the benefits of health camps organized in different areas of Rajkot city as well as District level too.

Along with this we also actively started the work in the agriculture field like organic farming, multi- layer farming, water conservations techniques, organic fertilizers making with waste of farm and animal husbandry for specially in cows in terms of hygienic environment , healthy feeding and production of milk etc..

In last we also created our digital presence strongly from this year to wider our reach and cover the more beneficiaries for their growth in all aspects of life.

We also look forward to continues support from our volunteers/ partners , government organizations and our well wishers for providing us great supports and progress of our organization. We are thankful for their potential and efforts to achieve our goal in this year.

We are very grateful to NABARD for giving us the opportunities to serve the nations in the field of skill development, livelihood and in the field of agriculture.

Shree Prarthana Sahiyar Mahila Mandal (SPSMM)

Our Approach

We are one of the non-government organization of Rajkot. We have been working for improvement of children and women in backward area of rural and urban on all the section like educational, skill development, organize vocational training for entrepreneurs who want to start their own work.
